

ANDROID-POWERED ROOM PANEL

A smarter way to manage shared spaces.

A versatile wall-mounted touch panel for room scheduling, workplace services and other Android-based applications.

ROOM SCHEDULING / ANDROID PLATFORM

Designed for the spaces people use

Install the panel beside a meeting room to show availability and support on-the-spot reservations. Its 10.1-inch, 10-point capacitive touchscreen provides a clear, responsive interface for scheduling software. Because it runs Android, it can also serve as a configurable touch endpoint for other compatible applications.
